Buddy, # 6056, is a male terrier

Dutch is a 1-2 year old Shepherd/Lab mix who was picked up by the shelter as a stray 10 months ago. He is a handsome boy who shows nothing but love, playfulness and affection even after all he's been through. Dutch is people and dog friendly and loves his Chihuahua foster brother, Rocky. He is learning that the sound that a squeaky toy makes is nothing to be scared of. Dutch walks well on a leash and enjoys a good meal, naps and warm hugs. This handsome fella is sure to warm your heart.

Dixie is a 5.5-years Belgian Malinois and Australian Shepard Mix. Long walks make her happy, canine companions make her playful, good bone given to another dog brings in her a silly thief. She is perfect on the leash, loves car rides and is a submissive, non-aggressive dog. The best environment for this sweet girl would be a large property where she can roam, other dogs, someone home a lot of time.

Sonny, emaciated, was found wandering near an office building in W. Babylon with a collar embedded in his neck, and brought to the local pound. After months of living with his foster family, Sonny is now ready to find his permanent home. He is healthy and happy and would love to play in a backyard with another dog. You can count on Sonny to be by your side forever.
