Gretchen female Sharpei one year - Otto male Sharpei one year

Otto and Gretchen (brother & sister) had a rough start at life, both kept in a box with only a few holes to breathe. They are young, approx 1 year old. They are very happy and spunky pups who love everyone that comes to visit with them. They have a blast on walks! We would definitely like to see them adopted together.

Cinderella: young pitbull terrier mix, female

Lucy: young Shepherd mix, female
